

## CEPSA PLATINUM TDI 15W40

### DESCRIPTION

Multi-grade oil made with synthetic technology and high-performance additives. Product suitable for most existing passenger cars (including turbos) without particulate filter, which because of their mileage or requirements need an ACEA A3/B4 oil of this viscosity.

### PRODUCT APPLICATIONS

- High performance and low consumption oil very suitable for all types of gasoline and diesel passenger cars, including "TDI" vehicles (direct injection, turbocharged, EGR, etc.).
- Due to its API SN and ACEA A3/B4 specification, it is suitable for multi-valve, turbocharged engines and, especially, "GTI" engines.
- Recommended for demanding service applications: heavy traffic, high speeds, etc.

### PRODUCT PERFORMANCE

- Better fluidity at low temperatures and cold starting than SAE 20W-50/20W-40 or Monograde oils.
- Its high detergent/dispersant power provides excellent engine cleaning and, due to its balanced TBN, reduces the impact of corrosive acids from combustion.
- Excellent engine protection, extending its useful life.
- Extends the drain interval of common ACEA A3/B3 type mineral oils.
- Contributes to low exhaust gas emissions and, due to its low phosphorus content, prolongs the life of catalytic converters. However, it is not compatible with DPF/GPF particulate filters.

### SPECIFICATIONS

- ACEA A3/B4
